

STEM ALERTS

Primary School Courses STEM Sussex and Surrey

Face to face courses

KS1 & KS2

Developing pupil led investigations - embedding working scientifically in the classroom

To develop the independence of children thinking and communicating as real scientists is essential to deepen their scientific understanding. You will be able to facilitate and create rich, effective and exciting strategies that provide opportunities that embed and extend scientific skills.

17th April | Downlands Community School | 1pm- 4pm

[BOOK NOW](#) 

24th April | South Farnham School | 12.30- 4pm

EYFS

Making an impact in EYFS: A science subject leaders guide to developing good practice

A good understanding of how children learn science in the Early Years Foundation Stage is imperative for a primary science subject leader. You will consider what good teaching and learning looks like in 'Understanding the World' and develop a clear progression map into Key Stage 1 that will help build strong foundations for science across the school.

- 15th May - Strode's College, Egham
- 16th May - Downlands Community School, West Sussex
- 22nd May - Bourne Community College, Emsworth

Primary Science Conference

CHANGING OUR APPROACH TO SCIENCE IN THE CLASSROOM

- 19th April
- 9am-4pm
- Strode's College
- £54pp with TRP

Our primary conferences are a fantastic way to network and learn new teaching techniques and tips from experts focusing on topics such as:

- outdoor learning
- scientific vocabulary
- computer science
- SpaceFund
- STEM Clubs

Tickets just £54pp with TRP

We have added TRP of 70% of the individual price to this conference which means, following the conference, STEM Learning will reimburse you £126 towards the cost of cover and travel. This means the actual cost to your school is just £54 per delegate.
